

SY 19-20 Student Learning Options for Teachers

Student Learning Objectives

New Student Learning Options

SLO Original

- **Original processes and procedures** that have been in effect since SY 12-13
- **Original scoring method**
 - 30% RI Model, Achievement First, & Learning Community
 - Matrix for i3 districts and Coventry

SLO Flex

- **Flexible processes and procedures using SLO original template:**
 - All students or a targeted subset
 - One or more content standards
 - Year-long or shorter cycles of instruction
 - Targets may be adjusted based on data/evidence from shorter cycles of instruction
- **Original scoring method**
 - 30% RI Model, Achievement First, & Learning Community
 - Matrix for i3 districts and Coventry

Student Learning Goals

- *Teachers have flexibility to measure a long-term student learning goal while making adjustments to instruction and the expectations based on data collected from shorter cycles of instruction*
- New resources: [Scenario & Process Graphic](#)
- **Same flexible processes and procedures** as SLO Flex
- **New Scoring Rubric**
 - [RI Model: New 3e component](#)
 - [i3: New 3.5 element](#)

Embedded Practice

- *Data discussions highlight teachers' daily instructional practices as a means of communicating student learning*
- New resources: [Scenario & Process Graphic](#)
- **Same flexible processes and procedures** as SLO Flex
- **New Scoring Rubric**
 - [RI Model: New 3e component](#)
 - [i3: New 3.5 element](#)
